Appendix F
 WVDEP NPDES Permits - All Categories

COUNTY	HUC 12	HUC 12 NAME	FACILITY/PROJECT NAME	APPLICANT/PERMITTEE	PERMIT ID	PERMIT TYPE	Disturbance Acreage or Discharge (Million Gallons/Day, MGD)	ISSUE DATE	EXPIRE DATE	LATITUDE (°N)	LONGITUDE (°W)
--------	--------	-------------	-----------------------	---------------------	-----------	-------------	-------------------------------------------------------------	------------	-------------	---------------	----------------

-Sludge/Septic Land Disposal General Permit (GP): There are two General Permits to cover the disposal of sewage sludge and domestic septage by West Virginia Health Department licensed septic haulers. WVSG10000 covers septage haulers who dispose of sludge by land applying at land application sites listed in their permit application, while WVSG20000 covers septage haulers.

-Storm Water Industrial (GP): WV/NPDES WV0111457 Multi Sector Stormwater General Permit. Operators of industrial facilities included in one of the 20 categories of stormwater discharges associated with industrial activity that discharge or have the potential to discharge stormwater to a municipal separate storm sewer system (MS4) or directly to waters of the State require i

-Storm Water Construction (GP): WV/NPDES General Water Pollution Permit No. WV0115924, Stormwater Associated With Construction Activities. Covers stormwater discharges from all construction activities with earth-disturbance of one acre or more.

-Storm Water Construction (OOG): WV General Water Pollution Permit No. WV0116815, Stormwater Associated With Oil and Gas related Construction Activities. State General Permit to regulate the discharge of stormwater runoff associated with oil and gas related construction activities.

-Sewage General: This general permit, WV0103110, is to install, operate and maintain a disposal system or part thereof, for the direct discharge of treated sewage into the waters of the State. This permit applies to sewage treatment and systems of domestic sewage only with a design capability of 50,000 gallons per day or less, except mine bath houses who are not required by t

-Water Treatment Plant (GP): The Division of Water and Waste Management has issued a General Permit, WV0115754, to regulate water treatment plant's wastewater treatment systems.

-WV DOH+MUN: This general permit, WV0116026, regulates the discharge of wastewater from state highway or municipal maintenance facilities. The General Permit will authorize the operation and maintenance of establishments engaged in highway maintenance and repair that have vehicle maintenance, material handling and storage, vehicle fueling and lubrication, vehicle v

-5W32 - Septic Systems (Drain Field Disposal Mthd): Underground injection control permit for 5W32 Septic system drains to underground leach field, tile lines, trenches, etc.

-5X13 - Mining, Sand, or Other Backfill Wells: CLASS 5, TYPE 5X13 UNDERGROUND INJECTION CONTROL (UIC) PERMIT APPLICATION For Coal Mines Slurry Injection or Coal Mines, Non-Slurry Injection
